

SMAR 2017 conference at ETH Zürich 13 – 15 September 2017

The International Conference on Smart Monitoring, Assessment and Rehabilitation of Civil Structures, SMAR 2017, will provide a forum for international scientists, engineers, enter-prisers and infrastructure managers to present and discuss the state-of-the-practice and recent advances in testing and monitoring technology, in structural modeling and assessment methods, and in the application of advanced materials for structural rehabilitation.

The conference will also provide a platform for exploring the potential of international cooperation.

SMAR 2017 is the fourth conference supported jointly by the international Society for Structural Health Monitoring of Intelligent Infrastructure (ISHMII) and the International Institute of FRP in Construction (IIFC).
